

HORIZONTAL METAL CUTTING BANDSAW MACHINE

MANUFACTURER & SUPPLIER

Angular Cutting Bandsaw Machine, Bandsaw Machine with Swiveling Vice Arrangement, Bandsaw with Swiveling vice arrangement, Double Column Fully Automatic Bandsaw, Fully Automatic Double Column Band Saw Machine, Fully Automatic Metal Cutting Bandsaw Machine, High Speed Horizontal Metal Cutting Bandsaw Machine, Horizontal Metal Cutting Band Saw Machine- SM400, Horizontal Metal Cutting Bandsaw Machine- SM175, Horizontal Metal Cutting Bandsaw Machine- SM200, Horizontal Metal Cutting Bandsaw Machine- SM250, Horizontal Metal Cutting Bandsaw Machine- SM400, Horizontal Metal Cutting Bandsaw Machine- SM600, Horizontal Metal Cutting Bandsaw Machine- SMR200, Horizontal Metal cutting Bandsaw Machine- SM300, etc.

HORIZONTAL METAL CUTTING BANDSAW MACHINE- SM175

About Us

In Physics, pressure is defined as a force that acts upon per unit area. It implies that lesser the tool cutting edge area the sharper and precise is the cut. We utilize this physics of pressure and force effectively in designing and developing a range of technically efficient & mechanically robust cutting machines for different industrial segments.

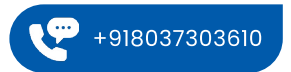

We are a widely acclaimed manufacturer & supplier of high speed Horizontal Metal Cutting Band Saw Machines available in different models as SM175(7"), SM200 (8"), SM250 (10"), SM300 (12"), SM400 (16") & SM600 (24"). All products are approved after thorough and intense research work

Surendranagar (Gujarat) based, Sagar Machinery was established in 2007 and widely known as the foremost supplier and fabricator of High-Speed Horizontal Metal Cutting Band Saw Machines. Besides, the offered machines are highly appreciated by the global customers due to their unparalleled quality, superior performance and on-time after sales services. Our Machines come under the brand name "S TECH" and also known as Sagar Bandsaw. The products that are offered by us are fabricated by utilizing modern technologies and equipments for ensuring their rugged design, strength, minimal maintenance and performance. Further, our quality control department rigorously checked our entire range accordance to the higher standards of quality that are set by the Industry. Apart from this, we also give a free service kit with basic equipments along with the machine. In addition, we give 6 months warranty and also provide spares parts at customer-oriented prices.
